The war is over, yet the price of certain commodities have taken a decided upward tendency within the past week or so. And this in face of the fact that the war is embodied in the $8,000,000,000 special levy—which never has gone into effect—has been reduced if not wholly eliminated as affects these commodities.

To the Memory of Sergeant Jerry Simpson Beasley

The world has been made safe for liberty and freedom of speech with great strife and sacrifice of life. It has been made safe for the rule of democracy through the kind reverence and generous love of the patriotic and democratic people of the earth. Of course, the epoch-making period has called forth and evinced a spirited fervor in the way of heroic and noble service on the part of young and old citizens of the world's globe. The participation in some of all democratic people on earth has demanded sacrifice of life, loss of property, misery and unrest in homes, along with the peculiar happiness that is derived from genuine patriotism. That such a period as intimated above, the world has been struggling for several years in a deadly grasp with the Teutonic race for the supremacy of autocracy or democracy. The entering of America into the gigantic combat has caused the decision to be rendered in favor of democracy. How glorious and splendid the days of the year of 1918 will sound now and throughout the future to all democratic people of the earth! These are surely true history making days. Long may Liberty and Democracy rule the earth!

Jerry, our beloved and worthy son and brother, we are grateful to thee for thy generous patriotism in that thou were willing to sacrifice thy life on the altar of democracy. Yet, on the other hand, we mourn thy "supreme sacrifice," for it came at such an early period in thy life. Moreover, we mourn thy "supreme sacrifice" for in its execution all thy ambition and anxieties for the future were terminated. Still, we hope the righteous principles suggested above were so instilled in thy life that thy comrades in ranks were imbued with these truths to such an extent that they will develop into greater usefulness to their God, America and the world. If we may be permitted to repeat again, Jerry, we delight, with a peculiar sense of pride, in thy heroic and most noble work which rendered in the sacrifice of thy life on the fields of France.

Again, Jerry, we are proud to have the consolation that in thy supreme sacrifice thou didst die a servant it the Kingdom of God. Even in thy last days of confusion and strife thou were constantly thinking of thy duties to the Church of God, for we were regularly reminded of them through thy letters. Happy and glorious must have been the reunion with thy brother, Robert, who just recently preceded thee into that eternal Kingdom of God. How you both must be rejoicing when you look upon the once torn battlefields of Flanders and now see the reign of peace!

Jerry, we write these lines to thy memory on account of thy most sincere, faithful, and loyal service to thy God and country. We bid thee farewell until a future time shall unite us in that Mansion of Happiness which God has prepared for his servants.

FATHER, MOTHER, BROTHERS.
